

VISION

We envision to empower the trainees through quality teacher education and research to become great teachers with excellent knowledge, expert skills and right attitude to contribute to India and the world and thus to serve as a valuable resource for teachers, teacher trainees and society.

MISSION

We commit ourselves to provide our students with excellent teacher education to learn, live and teach, to generate new knowledge by engaging in meaningful educational research and training and develop human potential to its fullest extent so that intellectually capable and imaginatively gifted learners can emerge in the field of education.
